Says a War Must Hunger to Peace

WILLIAM L. RYAN

HOPE (AP) — President Eisenhower today called upon all Americans to join together in a "general war" against hunger, the scourge of India.

President, making three points in the course of a busy day, called for a "general war" against hunger, the scourge of India.

Forrest City Names Editor CC Head

FORREST CITY, Ark. (AP)—Fred McCallum Sr., publisher of the Daily Times Herald here, was elected president of the Forrest City Chamber of Commerce at the organization's annual banquet last night.

McCallum has been a leading exponent of Forrest City's current industrialization. He said he would continue the program.

He succeeds H. H. Cooper, Forrest City banker.

Oil Found on Land of Welfare Client

LITTLE ROCK (AP) — They've found oil on property owned by a man who gets a state welfare check — and he's disappointed about it.

The south Arkansas Negro is quoted as saying he just hopes the return from the oil well equals his welfare stipend.

State Sen. Lee Bearden of Leachville told the story today during a stop here on his way home from Lewisville, site of the well.

Bearden said he and two state officials — Land Commissioner Sam Jones and Commerce Commissioner Arthur Shirley — investigated the drilling of the well and it paid off this week.

The Negro man and three of his sisters — whose names were not given — own the property on which the well is located. Shirley holds a lease on several acres of the property, located half a mile from the end of the airport runway at Lewisville.

Bearden recently was contacted by Shirley and asked to buy in on a well-drilling. The senator's portfolio was \$3,000. Jones and several others also got in.

Drillers found oil at 2,400 feet and the well is producing the allowable limit of 60 barrels a day.

Bearden said the owner of the land "sure was disappointed when he heard about us striking oil because he was afraid he was going to lose his welfare check."

The senator added, "He said he hopes that what he gets out of the well is as much as the welfare check."

Garden Clubs' House Tour Successful

"A Song in the Air" was the theme of the Hope Council of Garden Clubs' Holiday House Tour on Dec. 10. The first place winner in the second annual pilgrimage was the home of Mrs. C. P. Tolleson. The Lilac and Iris Clubs used "Hark the Herald Angels Sing" as their decorating theme and won the blue ribbons.

The Rose and Azalea Clubs received the red ribbons for the home of Mrs. Fred Ellis which used the theme "White Christmas." "O Little Town of Bethlehem" was the theme of Mrs. Bill Rounton's house decorations done by the Daffodil Club. The last home visited was Mrs. Jim James which was decorated by the Gardenia Club using the theme of "Winter Wonderland." There were light refreshments served to the visitors.

Judges of this year's house decorations in the Holiday House Tour were Mrs. E. L. Johnston, Mrs. Doyle Milner and Mrs. C. E. Dehman, all of Camden. Sponsoring clubs for the tour were the Lilac and Gardenia Garden Clubs.

The money derived from the sale of tickets will go to landscape the grounds of the Farm and Labor Station on Highway 67 West. This is the project for the year of the Hope Council of Garden Clubs.

According to a November report U.S. Savings Bonds sales in Hope County totaled \$10,028 in October, bringing the year to \$211,067 or 65.3 per cent of the \$323,000 quota.

Howard County sales were \$16,133, the year to date of \$300,032 or 81.9 per cent of the \$366,000 quota.

Lafayette sold \$122,000 quota — the year to date of \$7,746, bringing the year to \$49,133 or 43.8 per cent of the quota.

Nevada County of \$112,000 sales were \$9,305, bringing the year to \$38,585 or 39 per cent of the \$100,000 quota.

The Clyde Martin listed in this week's credit check was not the Clyde Martin who lives at Spring Hill.

Last night the Hope Shrine Club elected Jack King as president for the coming year.

Young will serve as first vice president. J. Raymond Johnson is second vice president and

Bill McCallum of Lewisville will be one of the officials of the Gator Boat Game at Jacksonville Jan. 2.

There will be another Southwest Conference official and three from the Southwest Conference.

Two boys from Hope are among the 32 football lettermen at Ouachita College.

Roy Rowe, a freshman center, was a capable reserve although he missed the last part of the season with an injury.

Winston Duke, a freshman guard, developed into an outstanding linemen in his first year with the Tigers.

Arkansan to Be Sentenced for Robbery

LAS VEGAS, Nev. (AP) — An Arkansan and two other men are to be sentenced today in the theft of a \$250,000 diamond ring from Mrs. Vera Krupp, former wife of German munitions Baron Alfred Krupp.

The men are John William Hagenson, 31, of Hot Springs, Ark., and Las Vegas Marion Carter Bowman of San Antonio, Tex., and Edward Daniel Hay of Texas City, Tex.

They were convicted Nov. 13. Mrs. Krupp's 3.6-carat diamond ring was stolen from her at gunpoint at her nearby ranch last April. FBI agents recovered it in May.

Two other men have been sentenced to prison in the case and a third drew probation. James George Reeves, 30, of Hot Springs, got eight years, to be served after two consecutive 10-year burglary terms in Arkansas, and William Sheer Davies, 42, of Ogden, Utah, got five years. Both pleaded guilty to conspiracy and interstate transportation of stolen property.

Julius Berger, 43, of North Bergen, N.J., was granted probation. He pleaded guilty to conspiracy and testified for the government.

James Lyman Eley, 78, died Thursday at his home at Belton. He was a lifelong resident of Hempstead County and a member of the New Home Baptist Church where he had been a deacon since 1912.

He is survived by his wife, Mrs. Claude Eley of Nashville, R. I., a daughter, Mrs. Felix A. Gaston of Batesville, three brothers, H. B. Eley of Nashville, J. Eley of Altus, Okla., Creth Eley of Nashville, R. I.; two sisters, Mrs. Ethel Wortham and Mrs. Mabel Sevedge of McCaskill.

Services will be held at 1:30 p.m. Saturday, Dec. 12, at Belton Baptist Church by the Rev. W. E. Perry and the Rev. James H. Deann. Burial will be in Belton Cemetery by the Latimer Funeral Service.

Earlier Lasagna said the average physician now is being inundated with advertisements of evaluating the material. He called it "an almost insuperable problem" for a doctor.

Dr. Augustus Gibson, medical research director for Merck, said the company followed through by distributing full and detailed reports on how patients reacted to Decaron. He, too, said doctors would understand language in the advertising.

Dr. Louis Lasagna, head of the Johns Hopkins University division of clinical pharmacology, testified he thought the circulars improperly claimed an absence of side effects from use of the drug.

He also said he thought excerpts from the advertisements, as read to him by a subcommittee economist, implied a safety for Decaron that "I don't think it possesses."

In contrast, Dr. Philip S. Hench shared in the 1950 Nobel Prize in physiology and medicine, testified Merck's advertising was not misleading. He said doctors would understand it.

Drug Probers Seek Data on Small Firms

WASHINGTON (AP)—Senate investigators sought to learn today how smaller firms fare in competition with the big producers of name-brand prescription medicines.

The Senate Antitrust and Monopoly subcommittee called Seymour Blackman, secretary-treasurer of the Premo Pharmaceutical Laboratories, Inc. of South Hackensack, N. J., to tell about it.

Rand Dixon, subcommittee counsel, described Premo as "not small, not large, but successful." He said he plans to explore with competitors when the larger companies launch big advertising and if their own patented brands, and whether the bigger firms' handling promotional campaigns in behalf of new medicine patents has any restrictive results.

The subcommittee raised the question of whether advertising circulars sent to doctors by the Merck & Co. Inc., made unwarranted claims for an antiasthmatic steroid it markets under the trade name of Decadron.

Dr. Louis Lasagna, head of the Johns Hopkins University division of clinical pharmacology, testified he thought the circulars improperly claimed an absence of side effects from use of the drug.

He also said he thought excerpts from the advertisements, as read to him by a subcommittee economist, implied a safety for Decadron that "I don't think it possesses."

Fifteen Boy Scouts of Troop 82 will receive promotion pins Sunday morning during the 11 morning worship hour at the Hope Gospel Tabernacle. Leonard Givham, District Scout Executive, will conduct the special presentation program and present each Scout with his award.

Scouts receiving awards are Charles Smith, Larry Waldon, Daniel Gray, Floyd Sprague, Larry Rothwell, Lacy Hill, Larry Griffith, David Norvell, Larry Powell, Gary Powell, Dewey Woosley, Jimmy Fry, Ronnie Faulkner, Don Tate and Gary Wilhite. The troop's Scoutmaster is Vernon Engin.

The government warning against use of the chemical earlier had drawn fire from Arkansas poultrymen.

McClellan said it was his understanding that less than one per cent of all poultry marketed in the United States—and those capons—could have been affected.

If authorities knew the suspect chemical was being fed, "all they had to do," McClellan said, "was to issue an order to those involved to stop it. . . Why didn't they stop it without letting the impression get abroad that it applied to all poultry?"

Poultry spokesmen said the chemical, stilbestrol, was not used on broilers and fryers—the major type of poultry sold commercially—but only on a small percentage of capons.

Roy Riter of Springdale issued a statement in which he criticized the sudden warning by Secretary of Agriculture Arthur S. Flemming yesterday. Riter, past president of the Arkansas Poultry Federation, said all poultry sold in Arkansas was inspected and approved by the U.S. Department of Agriculture. He said he could not see why one federal department—Agriculture—should okay use of the chemical and another—Health, Education and Welfare—should denounce it.

The warning came at a critical time for poultrymen. Jesse Merkle, president of the A.P.F., said the board of directors would meet at Little Rock today and discuss the situation.

Kroger Co., which has many stores in Arkansas, said it withdrew from sale poultry which may have been affected by the chemical.

State Poultry Industry Irked by Warning

LITTLE ROCK (AP)—Sen. John L. McClellan today sharply criticized what he termed "fright publicity" in a statement by federal officials that some poultry may have been affected by a fattening hormone suspected of causing cancer.

"Public health should be protected, but it can be protected without fright publicity," McClellan said.

The government warning against use of the chemical earlier had drawn fire from Arkansas poultrymen.

McClellan said it was his understanding that less than one per cent of all poultry marketed in the United States—and those capons—could have been affected.

If authorities knew the suspect chemical was being fed, "all they had to do," McClellan said, "was to issue an order to those involved to stop it. . . Why didn't they stop it without letting the impression get abroad that it applied to all poultry?"

CHRISTIAN MARTYRS TODAY

By WILLIAM E. GLOY, D.D.

The newspaper Christianity Today recently printed in full, under the heading "A Living Bible in a Dying World," an article by Bishop Otto Dibelius, who was the British and Foreign Bible Society Lecturer for 1959.

It is a very important document in the conflict between Christianity and the forces of communism and atheism. This eminent and able churchman had a martyrlike part in opposing Hitler. He is having a similar part in battling Communism and atheism in East Germany.

Bishop Dibelius is European president of the World Council of Churches; chairman of the council of the Evangelical church in Germany, and Bishop of Berlin and Brandenburg. As such, he is the heroic leader of those who uphold the "Living Bible" against the rulers of East Germany, who as Doctor Dibelius says, "try out that Christians have failed; Christian concepts of life are doomed to perish, re-echoing the slogans, diffused all over the Soviet orbit."

Apart from his defense of the Bible and the Church, and the moving story of the continued faith and practice of many who share his convictions despite the virtual martyrdom that they face in this hostile environment, Bishop Dibelius' statement is the most powerful account that I have anywhere seen of the nature and extent of the forces of anti-Christ.

Bishop Dibelius says: "The powers of darkness... have never been so consistent nor violent as they appear to be in this century."

"The new doctrinaire... make an absolute claim on the minds of men through a shaping their intellects and their value judgments."

In defining with detail and precision the forces of communism and atheism, there is no note in the Bishop's statement of weakness, complaining, or despair. An impressive part is the evident faith and hope in the number who continue to study the Bible and practice the Christian religion.

It would be remarkable if the Bishop's own faith and courage—a courage of real heroism—had not inspired many, both young and old, to stand with him.

To those of us who have always lived under conditions of religious liberty, it is not easy to envisage situations in which simple religious association—going to church, reading the Bible, or practicing Christian rites—should subject anyone to virtual persecution and real danger. Yet this is the actual situation in

The Rose Garden Club met Friday, December 4 at 2:30 p.m. in the home of Mrs. J. O. Luck. Co-hostesses were Mrs. George B. Hughes and Mrs. John Hawkins.

The members placed their gifts for the patients at the state hospital in Benton at the base of a beautiful pine Christmas tree. The meeting was called to order by Mrs. J. O. Luck, the club president. The club collect was given in unison.

The short business meeting was followed by the program conducted by Mrs. J. C. Atchley and Mrs. Harry Shiver on dried roadside material. The dried materials were made into Christmas arrangements.

Mrs. J. S. Gibson, Jr., gave the Christmas story, "Trees."

The program was concluded with the Garden's Prayer and then turned over to the hostess for a social hour. Miss Linda Luck assisted the hostesses in serving a salad plate to the 19 members and one guest, Mrs. Alta Erwin. The members enjoyed singing Christmas carols; Mrs. J. C. Carlton was the accompanist.

The Garland School P. T. A. Meets
The Garland School P. T. A. met Wednesday, December 9th, in the school auditorium. A delightful Christmas program of music and poems was presented by the two second grades under the direction of Mrs. Earl Thomason and Mrs. V. R. Herndon.

Jo Ann Burke introduced the program. The first number was Nancy Carol Lindsey narrating "Twas the Night Before Christmas" while a cast consisting of Joe David Key, Tina Martin, Christy Brents, Nancy Barber, Mary Ellen Joubly, Nancy Jo Mosier, Howard Typpitt, Kevin Kilgore, Larry Tryson, Robert Prinnell, Don Stuart, James Hare and Mark Pierce acted on the poem.

Tracy Cook gave the Christmas story in scripture after which a choir composed of the whole room sang "Away in a Manger." Jerry Conner portrayed Joseph, Mary Lou Dickcabe portrayed Mary and Nancy Carol Lindsey and Kevin Gartin portrayed Angles.

Ronnie Brents gave a reading entitled "My Letter to Santa Claus." The Rhythm Band was introduced by Belinda Evans.

The band played and sang "The March of the Wooden Soldiers," "Jingle Bells," "Rudolph the Red Nose Reindeer" and "Silent Night." Mrs. M. B. Hatch accompanied at the piano.

After the Christmas program, a

DOROTHY DIX

No Trouble With Her Husband!

Dear Dorothy Dix:

I've read several articles lately on how to pamper your husband. If a wife wants him to do something, she must approach him tactfully.

Good Heavens, what has this world come to if a wife has to treat her husband like a child!

I'm happily married to a wonderful guy and if I want something done I come right out and ask to have it done. Is this wrong? According to all these marriage counselors, it sure is!

Mrs. T.
Dear Mrs. T.: It all depends upon the husband. Some, like your "wonderful guy," want a wife who is forthright. Directness is an admirable quality. But don't get the idea that there is anything wrong in a tactful approach. To be tactful is to be considerate of one another's feelings and that is vitally essential to a happy marriage.

Dear Dorothy Dix:
My husband expects me to pay my own expenses, such as bus fare, show or candy when we go out together. He would also like me to pay for him too. I pay my half share on all bills for the house from a small inheritance from a relative. I can take better care of myself away from him but dislike to break up the home. Is my husband a tightwad or using me for a door mat? — Mrs. H. H.

Dear Mrs. H. H.: No woman should ever foot the bill. In so doing, she violates a fundamental law. By nature, man is the provider. What's more, he really likes it that way!

Try talking finances with your husband. Begin by assuming he is man enough to want to take care

of his obligations. Praise his ability to make a success of his life. Get across the idea that, deep down in your own heart, you've always known he would succeed. Instead of deflating his ego by laying his way for him, build it up by letting him pay yours. And above all, invest — don't spend, that investment. In the eyes of the church and the law, the husband is head of the house. Maintaining it is his responsibility, not yours.

For the past three or four months an unmarried friend of my husband has been coming to our apartment. I've begged him to keep away but it doesn't do any good. Even my husband has told him to keep away but he still comes around. My husband works nights. This man recently came to our apartment and told me he would give me a TV set. I told him to get out and stay out. This so-called friend knows something about my husband. I don't want my husband to find out. It's nothing really bad, but I just don't want my husband to know about it. This man now calls three or four nights a week. To avoid him, I go to a friend's house. When I get home, he's there. Please help me. — J.W.

Dear J. W.: There is only one way to rid yourself of this amorous blackmailer: Extract the poison from his threats by telling your husband the truth. Of course it won't be easy to confess a past misdeed, but it's better that he have the facts from you than a distorted version from his so-called friend. If your husband really loves you, his heart will be touched by your frankness, especially when your personal safety is involved. Take the aggressive. You are the unwitting principal in a drama which might easily terminate in tragedy unless you act swiftly.

Send your problem to Dorothy Dix. Be sure to enclose a stamped, self-addressed envelope, and address her care of this newspaper. (Released by The Bell Syndicate)

In the eyes of the church and the law, the husband is head of the house. Maintaining it is his responsibility, not yours.

For the past three or four months an unmarried friend of my husband has been coming to our apartment. I've begged him to keep away but it doesn't do any good. Even my husband has told him to keep away but he still comes around. My husband works nights. This man recently came to our apartment and told me he would give me a TV set. I told him to get out and stay out. This so-called friend knows something about my husband. I don't want my husband to find out. It's nothing really bad, but I just don't want my husband to know about it. This man now calls three or four nights a week. To avoid him, I go to a friend's house. When I get home, he's there. Please help me. — J.W.

Dear J. W.: There is only one way to rid yourself of this amorous blackmailer: Extract the poison from his threats by telling your husband the truth. Of course it won't be easy to confess a past misdeed, but it's better that he have the facts from you than a distorted version from his so-called friend. If your husband really loves you, his heart will be touched by your frankness, especially when your personal safety is involved. Take the aggressive. You are the unwitting principal in a drama which might easily terminate in tragedy unless you act swiftly.

of his obligations. Praise his ability to make a success of his life. Get across the idea that, deep down in your own heart, you've always known he would succeed. Instead of deflating his ego by laying his way for him, build it up by letting him pay yours. And above all, invest — don't spend, that investment. Ike Says a War

talk to U.S. Embassy personnel and a speech before 5,500 students faculty members and guests at Delhi University.

Eisenhower's packed schedule ranged from inspection of the new 2½-million-dollar U.S. Embassy in the diplomatic quarter on New Delhi's south side to opening of the 2½-million-dollar American exhibition at the World Agriculture Fair.

Colorful street crowds cheered the president on his rounds. But the crowds were orderly in contrast to the wild reception Eisenhower received on his arrival here Wednesday. The mobbed routes also appeared to have been reinforced with police and other security forces.

Accepting an honorary law degree at Delhi University, the President said nations must accept the rule of international law to provide a sound basis for peace. He suggested, however, that international law needs to be brought up to date with an infusion of the finest traditions of all great legal systems of the world. He said universities could be of tremendous help.

This was once a slap at the Soviet Union and a compliment to the Indians. The Soviets have persistently declined to submit to arbitration by the International Court of Justice, but India recently accepted with only a few reservations the principle of the court's jurisdiction — and Eisenhower praised India for this.

Georgia Tech Working Hard for Razorbacks

ATLANTA (AP)—Georgia Tech is stepping up the pace of its preparations for a Gator Bowl date with Arkansas, but the Yellow Jacket football reserves are getting most of the rough work.

Coach Bobby Dodd announced a full dress scrimmage for tomorrow but he explained the first two units—those who do the bulk of the playing—will be withheld from action.

Tech worked at length yesterday on blocking and defensive drills, and again the spotlight was on reserves and freshmen. Singled out for good work were freshman guards Bryson Mitchell, Rufus Guthrie and Dave Watson, reserve varsity guard Mike Biddle and fullback Don Coker. The latter, a transfer from North Carolina, is not eligible until the 1960 season.

Two boys who may see a lot of service Jan. 2 at Jacksonville, will play in the game scrimmage Saturday. Dodd said, "Halfback Kenny Thompson and fullback Lee Reid are badly in need of work." The two sophomores sat out most of the 1959 season recovering from severe leg injuries.

Dodd figures his top 22 players will be sharp enough for the Razorbacks without a great deal of contact drill. Next week the Yellow Jackets will begin sharpening their offense with emphasis on passing.

Only One SWC Cage Game Played

By THE ASSOCIATED PRESS

Only one Southwest Conference basketball team sees action tonight but all the rest play tomorrow.

In the only action last night, Vanderbilt defeated Rice of the Southwest Conference, 52-72, with the help of 6-7 Bill Depp who scored 12 points in the last six minutes of play. The loss extended the Owls' losing streak to three straight.

Tonight Texas A&M plays Midwestern at College Station. Baylor plays Memphis State at Memphis, Mississippi visits the University of Arkansas, Rice is out to Louisiana State, Vanderbilt plays Southern Methodist at Austin, Tulane plays Texas at Dallas, Texas Christian travels to Des Moines to play Drake and Iowa goes to Lubbock to meet Texas Tech tomorrow.

Depp, a junior from Indiana, scored 20 points in the game and it was his 12 points toward the end that sewed up the contest for Vanderbilt.

Two boys who may see a lot of service Jan. 2 at Jacksonville, will play in the game scrimmage Saturday. Dodd said, "Halfback Kenny Thompson and fullback Lee Reid are badly in need of work." The two sophomores sat out most of the 1959 season recovering from severe leg injuries.

Hog Freshmen Blast Junior College Five

WARNER, Okla. (AP)—The University of Arkansas freshmen basketball team, paced by Gerald Henderson, Larry Wofford and Tommy Boyer, overwhelmed Central Junior College, 55-36, last night.

The Shoats pulled away from a 3-3 tie early in the game and were never headed. It was their second victory in three games and Central's fifth loss in as many starts.

Henderson, connected on seven field goals, six in the last half, and added five free throws for 19 points and scoring honors. Wofford and Boyer made five field goals and three free throws for 13 points apiece.

Jackie Parker paced the losers with 14 points, followed by Bill Thornhill with nine.

The Shoats, with superior height and rebounding power, controlled the game throughout and had a 24-15 halftime lead.

HIGH JUMPER—Able to leap vertically into the air and land the same way, and called simpler and safer to fly than a helicopter or a conventional airplane, the Umbaugh-18 rotary wing aircraft is being put through tests leading to production early next year. Essentially an autogyro, the two-place craft gets its lift from a free-spinning rotor as it is driven forward by a pusher propeller. On take-off, however, power can be applied to rotor, enabling the ship to jump 15 feet or more straight up.

Ohio State Also Undeclared in College Ranks

By ED WILKS Associated Press Sports Writer

If Big Jerry Lucas wasn't enough to make Ohio State lock tough, Larry Siegfried now has come along to keep the Bucks unbeaten in major college basketball.

With the 6-8 Lucas scoring 20 points under the boards and Siegfried, 6-4, popping in 22 points from the outside, Ohio State won its fifth in a row Thursday night, spilling previously unbeaten St. Louis 91-74 on the Billikens' home court.

While Lucas duelled with the Bills' 6-10 Bob Nordmann under the boards, Siegfried, who had been averaging less than 13 points, a game, hit six of seven shots at the half, 44-38. The Billikens, who had overcome 13 and 4-point deficits while defeating St. John's (N.Y.) and Kansas State in their last two games, three times led by one before Nordmann fouled out midway in the second half.

Lucas, the much publicized soph who has had folks talking since he was an Ohio high school ace, had only a 10-15 scoring edge on Nordmann at the half, 44-38. The Billikens, who had been averaging 18 points a game, finished with 17, while teammate George Burkel, 6-7, scored 20.

Georgia Tech stretched its two-season winning streak to 12 games with its fifth victory of the campaign, a 70-64 road success over South Carolina. Unbeaten Utah State won its fourth, 71-66 at Iowa State after trailing the previously undefeated Cyclones by one at the half.

Miami of Florida, which had won 10 in a row in a streak carried over from last season, was handed its first loss in five games this season, 84-77 at Centenary. Western Kentucky (3-0) jarrred Seton Hall's hopes for a big comeback, 78-69.

Colts Going After Rams on Saturday

By BOB MYERS Associated Press Sports Writer

LOS ANGELES (AP)—A favored Baltimore Colt football team arrives in town today, determined to whip the Los Angeles Rams Saturday and escape any possible playoff for the Western Division title of the National Football League.

The defending Colts are picked by as much as 12 points to inflict the 10th defeat of the season on the Rams in the final game for each in the regular NFL season. The struggle, with some 60,000 expected in Memorial Coliseum, will be televised nationally by the Columbia Broadcasting System, with this area for 180 miles blacked out.

The Colts, with an 8-3 record, can gain clear title if they win. But if they lose—and the San Francisco 49ers will over Green Bay and the Chicago Bears take Detroit—there will be a three-way tie for the division crown.

The Colts take the field with their usual troops. That means the Rams will have to contend with quarterback Johnny Unitas, halfback Lenny Moore, fullback Alan Ameche and such dangerous pass-catchers as Ray Berry and Jim Mutscheller.

The Rams have absentee due to injuries. Their offensive unit will have Billy Wade at quarterback with Joe Maroon replacing Ollie Matson as the starting fullback.

Jen Arnett and Jim Phillips go at halfback, with Dol Shofner and Leon Clarke on the flanks.

Nixon Has Strong Midwest Support

CHICAGO (AP)—Vice President Richard M. Nixon appears to have stronger Midwest support for the Republican presidential nomination than Gov. Nelson A. Rockefeller, say several state GOP chairmen.

The party leaders said, however, that the New York governor is not completely without support.

The Nixon vs. Rockefeller question has not yet appeared on the agenda of this meeting of the Midwest and Rocky Mountain Republican State Chairmen's Assn. Delegates to the 22-state group indicated it has the No. 1 spot on the unofficial agenda.

The association is made up of chairmen from Arizona, Colorado, Idaho, Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, South Dakota, Utah, West Virginia, Wisconsin and Wyoming.

the Hawks to a 129-111 triumph over Detroit and increase their lead to 3½ games in the Western division. Archie Dees scored 39 points for the Pistons. Bailey Howell had 22.

At San Francisco, the Minneapolis Lakers hit their offense, to Elgin Baylor who scored 21 points, and dumped Syracuse 106-86. Coach Paul Seymour of Syracuse filed a protest on the ground the third quarter was not given its full 12-minute duration.

Expect Industry Spending to Rise

WASHINGTON (AP)—The government expects industry spending on new plants and equipment to continue its slow rise early next year.

Present spending for such purchases, a major indicator of business trends, is estimated at about \$24 billion dollar yearly. That figure is smaller than had been fore-

cast earlier, indicating the steel strike and other factors have caused a cutback in some planned projects.

The Commerce Department and the Securities and Exchange Commission said Wednesday an industry survey indicated the annual rate is expected to increase about 500 million dollars in the first quarter of 1960.

This year's outlays, estimated at 32½ billion dollars, are about 7 per cent above 1958.

Average Stock Investor Has Good Judgment

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—How good is your judgment in buying stocks?

The New York Stock Exchange thinks the average investor shows excellent judgment. It bases its belief on the performance of those who belong to its pet scheme, the monthly investment plan.

Their record for the six years the plan has been running looks fine, judging by how the stocks they favor most have behaved.

In its magazine, The Exchange, the 20 top favorites are listed along with their price when the plan opened in January 1954 and the prices these stocks commanded in the first week of November 1959.

All have advanced in price. Sixteen of them more than doubled in value. The market price of one, International Business Machines, jumped 735 per cent.

If you had bought 10 shares of each of the 20 stocks the plan members favor most, it would have cost you 4,766 in January 1954. If you had sold them the first week in November 1959, you would have got \$15,049, a capital gain of 215 per cent to account for your income tax return.

Prices are adjusted for stock dividends and splits in the six years. This would seem to prove that the individual has good investment judgment—that stock buying savvy isn't an exclusive attribute to the experts who guide the big institutional investors.

For all that, the institutions are gaining on the individuals. In the last three years the proportion of all common stock listed on the big board and registered directly in the names of individuals decreased and the proportion registered signs names of non-individuals increased.

Brokers point out, however, that many of the financial institutions own common shares in the interests of thousands of individual investors.

The monthly investment plan is handled by the member firms of the Stock Exchange. It lets investors accumulate stocks through periodic payments of as little as \$40 every three months.

Alfred DeBlack, Mrs. Joe Bevil, program chairman, gave an interesting talk on Foreign Missions and Mrs. A. E. Pearson spoke on Home Missions.

Fruit cake and coffee were by the hostess.

THE STORY: Miss Mabry, who lives in the apartment house from which the Claves are moving, has told Carol Claves that her son may have wandered off with an old tramp who had been seen in the park across the street. This is mostly Miss Mabry's imagination. There was a tramp, and Davey is missing. But Davey slipped aboard the moving van.

Chapter XI

The gardener, a young man, dark-skinned and indeliberately foreign, lifted large brown eyes in surprise. Standing perfectly still, waiting for Bill to come up to him, he held before him the soiled newspaper he had just picked up from the park bench.

"Look," Bill said, "have you been here in the park all morning?"

The young man gazed up at him in mild inquiry. Then he nodded. "I have come here at nine o'clock."

Bill nodded. "Did you see an old man—shabby—bowed over—and a little boy in a tan sweater? Here by this bench?"

The gardener shook his head. "The man with no hat. I saw him. He was here on this bench, this man."

"But the little boy—"

The gardener seemed to retreat into deep reflection. Then he shook his head.

Having washed and dried the

head, "I do not remember," he said slowly. "I was not always here at this side of the park. There was maybe a little boy and I did not see. I am sorry." He looked up at Bill anxiously. "I will help you to look if you wish."

Looking down at the soiled paper, Bill reached out for it. "May I take that?" he asked.

Nodding, the gardener showed the paper eagerly into his hand. He seemed relieved to have at last offered something that Bill found of value.

"Thanks," Bill said. He hurried back across the street and joined Mr. McCracken at the foot of the steps.

Even before he reached him the old man shook his head.

"He's nowhere around, Mr. Claves," he said. "At least not that I can tell, he isn't."

"Okay," Bill said. "Thanks a lot. But keep an eye out, will you?"

He hurried up the steps, two at a time, the creased newspaper clutched beneath his arm. Every step, every movement of his compact, energetic body bespoke his conviction that there was not one more second, not one more fractional bit of time, to lose.

tea things with her accustomed care, Miss Mabry found that it was close to 11:30 when she finally put the china back into the cupboard and replaced the silver tea service on the teacart. She was already on her way back into the living room when the doorbell rang.

Opening the door narrowly, Miss Mabry looked out with surprise to see that she had not one caller but two and that both were men. Miss Mabry always thought of maleness as brutal. Her hand remained firmly on the doorknob, graphically expressing her desire to shut the two summarily out.

The man closest to the door, the taller and heavier of the two, nodded. "Miss Mabry?"

They were neatly dressed in dark suits and wore conservative, striped ties. They carried their hats properly in their hands.

"That is correct," she conceded.

"We're from the police, Miss Mabry. I'm Sergeant Mercer. This is Sergeant Wade. We've had a report from this building of a missing child. We've just been talking to the parents upstairs, and Mrs. Claves said it was you who—"

"Oh, dear!" Miss Mabry's hand moved to her throat in an inadvertent gesture of alarm. "Was it necessary to call the police?"

"According to Mrs. Claves, when she was talking to you—"

"But she was so confident he was somewhere in the building. Needing a little time to appraise and adjust to this new turn of events, she reluctantly opened the door and gestured inside. 'Want you come in?'"

Turning back into the fussy Victorian living room, she could well imagine that these men generally frequented establishments of a far less genteel aspect.

The thought gave Miss Mabry a feeling of composure and superiority.

"May I give you tea?" she asked.

She was not surprised when they refused. She watched as the other man, the younger one, crossed to the windows and looked down into the park.

"Won't you sit down, please?"

When, with appropriate gingerliness, they had taken their places on her blue velvet settee, she settled herself in the chair beside the windows and folded her hands in her lap, the signal that she was prepared to begin the interview.

"Now," she said softly, "tell me what I can do."

Sergeant Mercer looked up with faint surprise. "I understood from Mrs. Claves that it was you who saw the child go off with the man in the park."

Miss Mabry regarded her folded hands for a moment, then looked up, meeting his gaze with sensible directness. "That is not what I told Mrs. Claves, emphatically not. Evidently she wasn't as attentive as she might have

She felt faintly angry. "That I had observed the man in the park. And that I thought I had observed Davey there, too. I made it quite clear that I wasn't absolutely certain about it being Davey."

MEMPHIS (AP)—The Assn. for the Advancement of Colored People has a racial integration plan for schools in Memphis. The letter outlining the demand was sent to the Board of Education by Dr. Vasco A. Smith, Jr. of the Memphis NAACP.
